Correspondence ending with docket No. 485, dated 17th May 1899, from the Superintendent of Government Stationery, stating that all officers in Bangalore, entitled to receive supplies of stationery from the Government Depot, may be allowed to send their indents to the Superintendent of the Depot direct.

No. 13666-707—MIS. 2899, DATED BANGALORE, 1ST JUNE 1899.

ORDER THEREON.—Under Rule 21 of the Revised Stationery Rules, dated 1st April 1898, certain officers are allowed to transmit their indents direct to the Superintendent of Stationery, while the other officers mentioned in Rule 22 have to submit their indents through the Heads of their respective Departments. This procedure, in the case of the several offices located in Bangalore, entails much inconvenience and delay and also additional expense on account of cart-hire, &c., in the distribution of the supplies sent under a consolidated requisition. The Government are, therefore, pleased to direct that a foot-note be added to Rule 22 as follows:—

"In the case of indents of all officers in Bangalore referred to in Rule 22, entitled to receive stationery from the Government Depot, the countersignature of Heads of Departments will be dispensed with, and the indents duly prepared in conformity with the Rules, may be forwarded by the officers concerned to the Superintendent of Stationery direct for check and compliance. When the Government Depot is prepared to issue supplies on an indent so forwarded, previous intimation will be given to the indenting officer, who will make his own arrangements for taking delivery of the supplies on the date fixed.'

Annual Report on the working of the Government Press for the year 1897-98.

No. 13851—Mis. 2945, DATED BANGALORE, 7TH JUNE 1899.

ORDER THEREON:—

Central Press, Bangalore.—Mr. H. H. Sparkes was in charge of the Government Press during the year under review. The value of work done at the Central Press at Bangalore, and receipts under all heads during 1897-98, amounted to Rs. 1,01,898-14-11 as against Rs. 90,287-11-2, showing an increase of Rs. 11,611-3-9, and the total expenditure amounted to Rs. 63,075-6-0 as against Rs. 70,893-11-7 (not Rs. 70,290-5-6 as erroneously stated in the Report), resulting in a net decrease of Rs. 7,818-5-7. The most important item which contributed to this result was under the head of purchase of materials and type. With diminished expenditure and increased receipts the working of the Central Press shows a saving of Rs. 38,823-8-11 as against Rs. 19,393-15-7 of the year previous, which is satisfactory. It must, however, be noted that nothing is said in the Report as regards cost of work done at private presses, nor does it appear to be included in the statement of receipts and disbursements appended to the Report. This information should be supplied in future reports.

2. *Branch Press, Mysore.*—The receipts of the Branch Press amounted to Rs. 9,730-4-0 as against Rs. 7,827-10-0 in the preceding year, showing an increase of Rs. 1,902-10-0 due to more work having been done for the Oriental Library. On the side of expenditure, there was a small decrease of Rs. 35-0-10, the amount for the year under review being Rs. 4,238-3-11 as against Rs. 4,273-4-9 (not Rs. 3,641-3-7 as stated in the Report) for the preceding year. Deducting the total expenditure from the receipts, there was a balance of Rs. 5,492-0-1 in favor of Government (not Rs. 5,733-4-4 as stated in the Report) as against Rs. 3,554-5-3 in the preceding year.

3. *Registration of Books.*—In the office of the Government Library in charge of the Superintendent, 114 books and periodicals as against 127 in the preceding year were registered under Act XXV of 1867. A short account of the classes and subjects of these publications should be furnished in future reports. Rs. 108 were collected as fees on 54 works, of which the copyright was secured against Rs. 86 on 43 similar works during the preceding year.

Annual Report on Special Hospitals in Mysore for the year 1896-97.

No. 14192—MIS. 3027, DATED BANGALORE, 16TH JUNE 1899.

ORDER THEREON.—An Eye Infirmary was newly opened in Bangalore City during the year under review, thus raising the number of Special Hospitals to 6.

2. I. *The Lunatic Asylum.*—Including 58 new admissions, there were under treatment in this asylum during the year 298 persons (221 males and 77 females) against 299 (225 males and 74 females) in the previous year. There were 11 casualties and 61 discharges. Of the latter 35 were cured, 18 were made over to the care of friends, 7 were discharged after observation as being sane and 1 absconded. There remained at the close of the year 226 lunatics, whose general health showed a slight improvement over the preceding year, the average daily sick being 2·14 against 2·62. The water-supply has been improved by the introduction of water pipes.

3. The expenditure of the asylum was Rs. 21,286-11-0 against Rs. 18,947-11-8, showing an increase of Rs. 2,338-15-4, which was mainly owing to a greater expenditure on the diets, the daily average strength being 234·69 against 223, and also to an increase of Rs. 964-14-2 under the head "Establishment."

4. The number of insanes employed on remunerative work and otherwise was 134·91 against 123, the profits of manufacture being Rs. 344-4-1 against Rs. 233-13-9 of the previous year.

5. *Criminal Lunatics.*—Including 4 new admissions, there were 52 criminal lunatics of whom 8 were discharged and 2 died, leaving 42 (37 males and 5 females) at the close of 1896-97.

6. *Lunatics of the Civil and Military Station.*—The lunatics belonging to the Civil and Military Station of Bangalore, including 12 new admissions, numbered 48 (29 males and 19 females), of whom 15 were discharged, leaving 33 (21 males and 12 females) at the close of the year.

7. *II. The Leper Asylum.*—The number of lepers at the beginning of the year was 18 (13 males and 5 females); 19 were admitted during the year making a total of 37 (29 males and 8 females). Of these 22 were discharged and 1 died leaving 14 (8 males and 6 females) at the close of the year. The sanitary condition of this asylum was good. The ratio of mortality to daily average strength was 7·41 against 56·55 in the previous year. The cost of this institution was Rs. 1,480-13-0 against Rs. 1,871-7-6, showing a decrease of Rs. 390-10-6, due to the diminished number under treatment during the year, the daily average strength having fallen from 19·45 to 13·50.

8. *Civil and Military Station.*—There were no fresh admissions during the year from the Civil and Military Station. Of the 7 lepers that were under treatment at the beginning of the year, 4 were discharged and 1 died, leaving 1 male and 1 female at the close of the year.

9. III. *Maternity Hospital, Bangalore.*—The total number of in-door patients treated in this Hospital was 417 (332 labour cases and 85 others) or 36 more than in the previous year. There were 15 deaths against 10 in the previous year. The number successfully treated and discharged after delivery was 384, 9 being otherwise discharged and 9 remaining under treatment at the close of the year. The number of major surgical operations performed was 64 against 51 in the previous year. Of the former, 55 were completely successful against 40 of the latter. The number of out-patients rose from 8,437 to 9,757. Sixty-six labour cases were treated outside the hospital against 73 in the preceding year. The cost of the hospital rose from Rs. 6,177-13-3 to Rs. 7,590-6-0, the increase being Rs. 1,412-8-9.

10. *IV. H. H. the Maharani's Female Hospital at Mysore.*—The number of in-patients in this hospital was 582 against 530 in the previous year. The former includes 205 labour cases against 175 of the latter. 8 cases ended fatally including 3 labour cases against 7 in the year preceding. The number of out-patients was 13,430 against 11,372, showing an increase of 1,058. The number of major surgical operations was 49 against 43 in the previous year. Of the former 44 resulted in cure against an equal number among the latter. The cost of this hospital has not been stated, although the omission was pointed out in the Government Review of the report for 1895-96. This needs explanation.

11. *V. Chattram Hospital, Bangalore.*—This hospital is set apart for the treatment of contagious diseases among the residents of, or new arrivals in, the city. For the latter, among whom are pilgrims and persons of that class, special accommodation is provided in the chattram, where they are kept under observation for 24 hours or longer, if necessary, rations being issued to them for the period of their detention. The total number treated in-door was 125 against 79 in the previous year. The deaths were 39 against 21. The number of out-door patients treated was only 13. The cost of the institution, which serves as a wholesome check against the introduction of infectious diseases into the city as well as the Province, was Rs. 2,082-5-4 against Rs. 1,939-15-0, in the previous year.

12. *VI. Government Eye Infirmary and Hospital.*—This was opened tentatively in November 1896, for the treatment of out-patients only. In January 1897 an In-patient Department was added and the institution, which supplied a long felt want, was made permanent in April 1897 (*vide* Government Proceedings No. 11413-16—Mis. F. 18-96, dated 19th April 1897). The number of in-patients treated was 163, of which 142 resulted in cure. The out-door patients numbered 3,909. Of the total number treated 39 were Europeans, 97 Eurasians, 446 Muhammadans and 3,490 Hindus of all classes. The daily average number treated, including in-door and out-door patients, was 87·88, made up of 37·40 men, 19·44 women and 31·04 children. The cost of the institution was Rs. 3,341-6-6, which was wholly borne by Government, the municipality having been relieved of the charge.

(1) Letter No. 1059, dated the 6th May 1899, from the Superintendent of Government Printing—

With reference to my No. 764, dated 21st February 1899, I have the honor to represent that the items falling on the Press contingent charges in connection with the despatch of printed forms, books, &c., to the Districts are very heavy, amounting, up to date for the current official year, to Rs. 443-3-0, and the probable total to the end of the year will be not far off Rs. 500.

2. The total grant for contingencies for the Press per annum is Rs. 1,400, and I submit that it is too much to expect that the Press can afford to pay over one-third of this sum for rail charges. I beg to represent that it does not fall within the province of the Printing department to pay for "transit charges," all that can be expected of the Printing department is to *print* and *supply* forms, but the cost of carriage therefor from Press should properly be borne by the offices or Departments to whom the forms are sent. If the forms were done in a private press, the items of carriage from press to destination would form an additional charge with account to be paid by the party ordering the forms. It may therefore be reasonably expected that offices and Departments receiving the forms from the Government Press should bear the cost of carriage out.

3. If, therefore, you agree with me, in the view I take, I beg that Government may be pleased to order that all railway charges on printed forms or other work sent by Press to offices or Departments outside of Bangalore must be borne by the receiving offices or Departments, and in Bangalore, when carts are employed for local delivery, the cost thereof must be defrayed by the office to which supplies are sent, bales of printed forms, &c., sent by rail can be booked "To pay," and payment can be made at the receiving end, by consignees, and there will be no need to remit such moneys to Press.

(2) Docket No. 1265, dated the 31st May 1899, from the same, furnishing details of such transit charges for the several districts and Departments from the 1st July 1898 to the 18th May 1899.

No. 14733-80—Mis. 3195, DATED BANGALORE, 30TH JUNE 1899.

ORDER THEREON.—It is observed that the charges incurred in transmitting printed forms, books, &c., from the Government Press and Stationery Depot to the several mofussil stations, as well as for delivering them locally, would be very small if they are apportioned among the several districts or Departments to which the forms, &c., are supplied. These charges can therefore be easily met out of the contingent allotments of the offices concerned, and the Superintendent of Government Printing and Stationery is accordingly authorized to adopt the "To pay" system when the consignments in question are booked by rail, the cost of carriage for supplies delivered locally being likewise paid by the offices receiving them. The relief thus afforded to the Press will, it is hoped, admit of a proportionate reduction of the contingent allowance of the Press and Stationery Depot, and the Superintendent will be so good as to report what reduction is feasible, taking into consideration the charges actually incurred for the transmission of the forms, &c., since the introduction of the present Postal system.

Letter No. 10504, dated the 2nd June 1899, from the Plague Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

In submitting herewith two copies of statements with the Resolutions of the Committee, received from the Deputy Commissioner, Mysore district, showing the particulars of reduction proposed in the Plague establishments in the Mysore City, I have the honor to state that I had a preliminary discussion with the Deputy Commissioner, Chief Plague Officer, Health Officer and the Vice-President, before the Committee composed of the said officers and others who met and discussed the reduction now proposed, and am confident that the efficiency of plague supervision will not suffer by the reductions proposed being given effect to.

2. As will be seen from the Statements A and B, the total amount of reduction proposed is Rs. *2,461 per mensem, but the reduction of the disinfecting staff costing Rs. 753 per mensem, having already been sanctioned in Government Proceedings No. Pg. 1768-9, dated 25th May 1899, the actual amount of the reduction now proposed is Rs. 1,708, excluding the plague allowance to the Hospital Assistant attached to the Thawrekatte Silahdar camp, but including the allowance of Rs. 20 sanctioned in Government Proceedings No. 1668-9, dated 3rd May 1899, for the clerks of the water-supply department for doing the plague work under the orders of the Assistant Engineer, which the Deputy Commissioner has omitted to take into account. As there is, however, no necessity for continuing this allowance, I shall address the Deputy Commissioner separately as to why it should not be stopped.

3. I would also request sanction to the following changes in the Medical staff of the city, as proposed by the Deputy Commissioner and modified by the Senior Surgeon :—

(1) Sub-Assistant Surgeons Gnanapriam Pille and Rangasamy Pille to be Medical Officers of Wards Nos. I and II;

(2) Hospital Assistant Rangachar to be deputed in connection with the special statistical work of the City;

(3) Miss Paul to attend to the Railway Inspection duty at the City Station, in lieu of Mrs. Moore, Lady Apothecary; thus effecting a saving of Rs. 60 per mensem.

(4) Plague allowance of Rs. 10 to be given to the midwife at the City Railway Station, out of the pay of Rs. 12 sanctioned for the female attendant;

(5) Lady Apothecary Miss Halman to revert to her permanent appointment, and Mrs. Foregard to take her place at the plague camp;

(6) First Class Hospital Assistant Anantaramaiengar to take the place of the present highly paid Inspecting Medical Officer at the City Station, with a plague allowance of Rs. 20,* thereby effecting a saving of Rs. 230 per mensem.

*Rs. 30 Vide Government Proceedings No. Pg. 1772-4, dated the 26th May 1899, and not Rs. 20.

MEMO

Of a meeting held at the Deputy Commissioner's bungalow on the 8th May 1899, to discuss what further reductions may be made in the plague establishment of Mysore City.

The following officers were present:—

C. Madiah, Esq., President.

P. R. W. Wetherall, Esq., Chief Plague Officer.

P. S. Atchyuta Rao, Esq., Health Officer.

H. Nanjundaraj Urs, Esq., Vice-President.

Mahomed Jaffer, Esq., Ward Officer, No. I Ward.

Mahomed Zahirudeen Maccai, Esq., Ward Officer, No. II Ward.

T. Bava Rao, Esq., District Plague Officer.

Mahomed Oosman, Esq., Superintendent, Plague Camp.

1. Proposed that from the 1st June, instead of the present two Ward Officers the two Assistant Ward Officers be placed in charge of the two Wards of the City as now existing, returns of the Sub-Ward attached to No. I Ward (*viz.*, those of the late No. III Ward) being submitted separately as at present.

2. That of the existing Ward office establishments, the following posts to be abolished:—

No. I Ward.	Rs.	No. II Ward.	Rs.
1 Store-keeper on ...	15	1 Store-keeper on ...	15
1 Clerk on ...	15	2 Store-watchers each on ...	7
2 Store-watchers each on ...	7	1 Peon on	7
1 Peon on	7	1 Do	6
1 Do	6		
1 Marker on	7		

3. That from the 1st June the existing number of 107 supervisors be reduced to 80 and the existing blocks re-distributed accordingly.

4. That the existing Central Disinfecting Staff of one Assistant Superintendent on Rs. 70, two Inspectors on Rs. 40 each, four head gangmen on Rs. 12 each, and 50 coolies on Rs. 8 each,—be reduced to two Inspectors on Rs. 20 each, four head gangmen on Rs. 10 each and 30 coolies on Rs. 8 each for disinfecting work in the two Wards; the present staff of one headman on Rs. 9 and five men on Rs. 8 in each of the two Wards being dispensed with.

5. That the clerk on Rs. 12 and the peon on Rs. 6 of the Disinfecting Assistant Superintendent's office and the compounder on Rs. 12 of the disinfecting stores be dispensed with.

6. That of the establishment at Viranna's Lines, the Sivachar waterman on Rs. 10 and the Brahmin waterman on Rs. 12 be dispensed with, as also the entire establishment of the Chatanahalli road camp, of which only one sweeper on Rs. 10 has been maintained since February last.

7. That the establishment attached to the Thowrekatte silahdar camp, *viz.*, one midwife on Rs. 15, one compounder on Rs. 9, one watchman on Rs. 6 and one orderly on Rs. 6, be dispensed with, and that the plague allowance of Rs. 20 to the Hospital Assistant be withheld. If the Military authorities require any Medical establishment at the camp, it will be necessary to make other arrangements in the Military Department.

8. That the gumasta on Rs. 10 at the Mysore woodyard be dispensed with.

9. Two peons on Rs. 6 each of the establishment of the Assistant Engineer on Plague duty were dispensed with from the 1st instant, only one peon on Rs. 6 being now retained for the Sub-Overseer still on Plague duty; the two clerks on Rs. 20 each, sanctioned for this establishment, never having been entertained at all.

10. The services of 11 extra watchmen on Rs. 8 each at the burial grounds were dispensed with from the 1st May.

11. *Medical Department.*—That from the 1st June, of the existing ward medical staff, Mr. Rangaswami Pillai, Sub-Assistant Surgeon, attached to No. 2 Ward, and Hospital Assistant Darasha Framji, attached to No. I Ward, be retained as Ward Medical Officers of those two Wards, the rest being withdrawn, and the Hospital Assistant Rangachar deputed to special statistical work of the City.

12. That from the 1st June, Miss Paul be deputed to the Railway Inspection duty at the City Station, instead of Mrs. Moore, Lady Apothecary, thus effecting a retrenchment to the extent of Rs. 60 * per mensem.

	Rs
* Mrs. Moore Rs 75+45	120
Miss Paul Rs 40+20	60
	60

13. That instead of one midwife on plague allowance of Rs. 10 and one nurse on pay of Rs. 15 for each Ward, two nurses on pay of Rs. 12 each be provided (as already deputed to each Ward) with effect from the date of joining duty as regards the new nurse, and from the 20th instant as regards the old nurse.

14. That a plague allowance of Rs. 10 be provided for a midwife appointed on the 29th April 1899, at the City Railway Station instead of the vacant post of a female attendant on a pay of Rs 12.

15. That the following reductions be made in the establishment of the Erangere plague camp (as per attached list), thus decreasing the cost from Rs. 627 to Rs. 359 per mensem, and that the services of Miss Holman, Lady Apothecary, on Rs. 75+45 at the plague camp be dispensed with, who may return to her permanent appointment at Bangalore, and Mrs. Foregard required to attend to her duties at the plague camp.

16. That the existing plague police force consisting of 5 head constables, 13 sergeants and 101 constables at a total cost of Rs. 1,045 be reduced to 2 head constables, 9 sergeants and 60 constables at a total cost of Rs. 630 as detailed in the attached list.

No. Pg. 1803-4, DATED BANGALORE, 7TH JUNE 1899.

ORDER THEREON.—The proposals made in the letter read above are sanctioned and will be given effect to from such date as the Plague Commissioner may fix and intimate to the Comptroller.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Plague Commissioner.
The Comptroller to the Government of Mysore.

No. Pg. 1801.

OFFICE OF THE DEWAN OF MYSORE,
Dated Bangalore, 6th June 1899.

NOTIFICATION.

The following Notification issued by the Government of Madras, is republished for general information:—

Whereas His Excellency the Governor of *Fort St. George* in Council is satisfied that there is danger of an outbreak of plague at Sengrapalayam and Pudupalayam, hamlets of Gettisamudram in the Bhavani taluk of the Coimbatore district, if persons from the Mysore State, from the district of Salem and other plague-infected parts, are permitted to assemble at those places on the occasion of the ensuing Gurunadaswamy festival and cattle fair:

Letter No. 10908, dated the 15th June 1899, from the Plague Commissioner in Mysore, recommending at the instance of the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, the grant of a plague allowance of Rs. 20 per mensem to 1st Class Hospital Assistant M. B. Sundaram Pille, who was employed on plague duty at Chikballapur, with effect from the 29th November 1898, and requesting to be informed whether Government sanction is necessary in each individual case in which a plague allowance is claimed by a Medical officer, or whether the Senior Surgeon's certificate that such a Medical officer is employed on plague duty, is enough to entitle him to draw the plague allowance sanctioned in Government Proceedings No. 2840-43—Mis. F. 21-96, dated the 30th August 1898.

No. Pg. 1863-4, DATED BANGALORE, 24TH JUNE 1899.

ORDER THEREON.—The allowance recommended in favor of Sundaram Pillo is sanctioned.

2. Plague allowances to Medical officers and subordinates having been fixed generally in Government Proceedings No. 2840-43—Mis. F. 21-96, dated 30th August 1898, no special sanction of Government is required in each individual case. The authority of the Senior Surgeon is sufficient for the Comptroller to pass allowances at prescribed rates on due intimation being given to him by the Senior Surgeon direct.

No. 14469-505—ED. 344, DATED BANGALORE, 24TH JUNE 1899.

ORDER THEREON.—The Government are not prepared to sanction the appli-ation for additional funds by re-appropriation made in the foregoing letter, as here seems no urgency for purchase of furniture and apparatus in excess of the anctioned grant, more especially when the official year is drawing to a close.

2. As a rule, Budget allotments should not be exceeded, and all expendi-ure which is not indispensable, should be avoided. In rare cases of urgency, pplications for additional expenditure must, if possible, be accompanied with e-appropriation statements, when they will receive due consideration.

Government Proceedings No. 1234-41, dated the 16th November 1886.

READ THE FOLLOWING PAPERS:—

From the Secretary to the Chief Commissioner of Mysore, To the Chief Secretary to the Government of Madras, Ootacamund, No. 5825—J. 35, dated 28th October 1878.

In annexing copy of a letter addressed to this office by the District Magistrate, Nilgiris, on the 29th August last (which should more conveniently and regularly have been sent to the Madras Government), I am desired to communicate the views of the Chief Commissioner on the several points on which information is sought by that officer, in order that the Government of Madras may be in a position to issue the necessary instructions to the Magistrates and other officers concerned in the Madras Presidency.

2. In answer to the first enquiry, *viz.*, whether summonses and warrants issued by Magistrates in the Madras districts for execution in Mysore may be sent direct to Magistrates and Police officers by post, I am to state that all such processes may be sent in the manner stated, direct to the Magistrates of districts or taluks in Mysore accompanied by postage labels sufficient to cover the cost of return postage.

3. Warrants, other than those issued under the provisions of Act XIII of 1859, will be executed by Police officers in Mysore, and the persons arrested under such warrants will be conveyed by them to the frontier and handed over to the nearest Police-station within British Territory. The Chief Commissioner assumes that arrangements will be made to receive all prisoners so delivered. In these cases the Mysore State will bear the cost of batta to the prisoners, and of the guards required to escort them to the frontier.

4. In regard to the execution of warrants issued under Act XIII of 1859, special provision will be necessary for the removal of prisoners, and in order to meet the cost of batta and escort thus involved, the Chief Commissioner proposes that each warrant should be accompanied by a remittance of Rs. 7 (seven). The actual cost incurred may be more or less than this sum, which as representing however a fair average might be suitably fixed for all cases alike, so as to obviate the necessity of adjustment on account. I am desired to ask whether His Grace the Governor in Council is prepared to accept this arrangement in order that instructions in accordance therewith may be issued to the Magistrates in this Province.

From the Acting Chief Secretary to the Government of Madras, To the Chief Commissioner of Mysore, Judicial Department—Processes—No. 2555—A., 18th December 1878.

I am directed by His Grace the Governor in Council to acknowledge receipt of Major Clarke's letter, dated 28th October 1878, No. 5825—35, intimating the arrangements made for executing in Mysore warrants and other process issued by Magistrates of Madras districts, and to convey the thanks of this Government for your good offices.

2. The arrangements made by you are quite satisfactory to this Government, and the necessary instructions have been issued to the officers concerned.

Order No. 8761—Judl. 12, dated Bangalore, 21st January 1879.

The arrangements proposed by the Chief Commissioner for the execution in Mysore of warrants and other processes issued by Magistrates in the Madras Presidency having been accepted by the Madras Government, the following instructions are issued for information and guidance:—

I. Warrants and other processes issued by Magistrates of Madras districts for execution in this Province, and addressed by post to the Magistrates of districts or taluks in Mysore, will be accompanied by postage labels to the amount sufficient to cover the cost of return postage. When unaccompanied by any remittance, the warrant or summons will, after being duly executed, be returned by post "Bearing."

II. Warrants, other than those issued under the provisions of Act XIII of 1859, will be executed by Police officers in Mysore, and the persons arrested under such warrant will be conveyed by them to the frontier and handed over to the nearest Police-station within British Territory, where arrangements will be made to receive all prisoners so delivered. In these cases, the cost of batta to the prisoners and of the guards required to escort them to the frontier will be borne by the Mysore State.

III. Warrants issued by Magistrates in the Madras Presidency under Act XIII of 1859 must be accompanied by a remittance of Rs. 7 for each person whose arrest and delivery is required, and in consideration of such payment, all charges incurred within the Province in providing food and escort for prisoners will be defrayed by the Mysore State.

2. Deputy Commissioners of Districts will communicate copies of this order to all Magistrates and Police officers within their jurisdiction.

Order No 7291—J. 149, dated Bangalore, 12th January 1880.

READ Letter No. 3071—370, dated 5th December 1879, from the Judicial Commissioner, forwarding letter No. 151—110, dated 28th November last, and requesting the Chief Commissioner's decision on the question raised, whether or not a second fee should be paid for the execution in Mysore of warrants issued by the Coorg Courts under Section 2 of Act XIII of 1859.

ORDER.—The arrangements made in Chief Commissioner's Order No. 8761—J. 12, dated 21st January 1879, relative to the execution of criminal processes issued by Courts in the Madras Presidency and Mysore free of cost, are hereby made applicable to processes issued by Criminal Courts in Coorg, and shall apply to warrants or other processes issued under Section 2, Act XIII of 1859, for the apprehension of accused parties who may have failed to comply with an order of a Magistrate issued under that section and Act.

Notification No. 342, dated Bangalore, 26th March 1884.

In supersession of the existing orders on the subject, the Dewan directs that a fee of Rs. 8 be charged for executing in Mysore the first warrant that may be issued from Coorg under the Breach of Contract Act.

The second and succeeding warrants will be executed free of all charge in cases in which the first warrants remain unexecuted.

CAMP No. 1234—41, DATED MYSORE, 16TH NOVEMBER 1886.

ORDER THEREON.—The attention of all Magistrates in Mysore will be drawn to the orders contained in the late Chief Commissioner's Proceedings No. 7291—J. 149, dated 12th January 1880. These orders are still in force, and under them "warrants or other "processes issued under Section 2 of Act XIII of 1859 for the apprehension of accused "parties who may have failed to comply with an order of a Magistrate issued under that "section and Act" must be executed in Mysore free of cost in accordance with arrangements made in late Chief Commissioner's Order No. 8761—J. 12, dated 21st January 1879, relative to the execution of criminal processes issued by Courts in the Madras presidency, and afterwards extended to processes issued by Courts in Coorg by Order No. 7291—J. 149, dated 12th January 1880.

2. Warrants issued by Magistrates in the Madras Presidency or Coorg under Act XIII of 1859, *other than under Section 2 of that Act*, must as heretofore be accompanied by a fee of Rs. 3 for each person whose arrest and delivery is required, for defraying all charges incurred within Mysore. Where any such warrant remains unexecuted, a second or succeeding warrant for the arrest of the same person will be executed in Mysore free of charge.

No. 13996-14004—J. 1707, DATED BANGALORE, 12TH JUNE 1899.

ORDER THEREON.—Under the foregoing order, a fresh fee for a new warrant issued under Act XIII of 1859 is waived, *only* when the original warrant for which the fee had been paid remains *unexecuted*, and *not* when the original warrant had been executed and the accused person enlarged on his recognizance binding himself to appear before the Magistrate who issued the original warrant and when the new warrant is issued owing to a breach of the said recognizance. The Government, however, are of opinion that a fresh fee may reasonably be waived also for a warrant of the latter kind, and accordingly direct that the following clause be inserted after the word "unexecuted" in the last but one line of para 2 of the Order above referred to:—

"Or when it has been executed by enlarging the accused person on his bond and such accused person fails to appear in accordance therewith."

Para 2 of the Order revised as above will read as follows:—

* * * *

"2. Warrants issued by Magistrates in the Madras Presidency or Coorg under Act XIII of 1859, *other than under Section 2 of that Act*, must, as heretofore, be accompanied by a fee of Rs. 3 for each person whose arrest and delivery is required, for defraying all charges incurred within Mysore. Where any such warrant remains unexecuted, or when it has been executed by enlarging the accused on his bond, and such accused person fails to appear in accordance therewith, a second or succeeding warrant for the arrest of the same person will be executed in Mysore free of charge".

Report on the Administration of Criminal Justice in Mysore, for the year 1897-98, received with letter No. 5077—194, dated 6th February 1899, from the Registrar of the Chief Court of Mysore

---

No. 14220—J. 1732, DATED BANGALORE, 17TH JUNE 1899.

ORDER THEREON.—There was a slight increase in reported crime during the year under review, the total number of offences of all kinds reported during that period being 17,939 as against 17,195 in the year 1896-97. Of these, 14,619 cases or 81·4 per cent were returned as true, and 14,248 cases involving 27,252 persons were brought to trial. Including 964 persons pending at the beginning of the year, there were altogether 28,216 persons under trial. Persons charged with offences affecting the human body were, as usual, the most numerous, and numbered 12,891, as compared with 13,202 in the previous year; while those charged with offences against property numbered 6,261, or 321 more than during the same period.

2. The number of persons under trial before Magistrates was 28,254, or 1,067 more than in the previous year; and of these, 7,825 were convicted, and 308 committed to the Sessions. The smallness of the percentage of convictions (27·69) as compared with that of discharges and acquittals (66·98) is a point about which the present report is silent.

3. The average duration of cases in the Courts of the Magistrates during the year under review was 5·77 days as against 5·04 in the year previous; the percentage of cases undisposed of in relation to the entire file, increased from 3·54 to 4·08.

4. With the exception of the Kadur District Magistrate, and, to a certain extent, of the District Magistrates of Kolar and Bangalore, the other District Magistrates did very little original criminal work. The number of persons placed for trial before all the District Magistrates was in the aggregate only 206, as against 297 in the preceding year.

5. Inclusive of pending cases, but omitting those in which records were not received from the Committing Magistrates, the number of cases under trial before the various Courts of Session was altogether 128, involving 270 persons. Of these, 53 cases involving 152 persons ended in acquittal, 65 involving 102 persons in conviction, 1 person died, while the remaining 9 cases involving 15 persons were pending disposal.

The average duration of Sessions cases declined from 1·92 to 1·87, and the number of witnesses examined from 2,234 to 1,489.

6. Two European British subjects were tried by Justices of the Peace during the year as against 5 in the previous year. One of them was tried for mischief and assault and was acquitted; while the other was tried for assault and convicted.

7. The total number of miscellaneous proceedings held under the Criminal Procedure Code was 298 involving 518 persons, as against 237 involving 358 persons in the year previous; and of these, 277 as against 212 persons were convicted or otherwise subjected to penal orders.

8. Of the several kinds of punishments inflicted, fines were, as usual, the one oftenest resorted to, having been inflicted in 74·88 out of every hundred cases. Rigorous and simple imprisonment stood next in order of frequency, forming 20·55 and 3·05 per cent, respectively, of the entire number of punishments; while whipping followed with a percentage of 1·25, which, it is noted, is slightly less than the figure for 1896-97. Transportation and death were inflicted in ·18 and ·08 out of every hundred cases. In regard to the preventive jurisdiction of Magistrates, it is only necessary to say that the power to take security for keeping the peace and for good behaviour was more largely availed of, that is, in 71 cases as against 37 only in the previous year.

9. Turning next to the work of the subordinate appellate courts, it appears that the total number of appeals for disposal was 802 involving 1,487 persons, as against 688 involving 1,360 persons during the year preceding. Of these, 659 were before the Superior Magistrates and 143 before the Sessions Courts. The percentage of reversals and modifications of sentences was 30·05 and 10·86 in the one case, and 21·30 and 12·50 in the other, as against 30·76 and 11·48 in the one case, and 15·02 and 6·73 in the other in the previous year. The average duration of appeals in the Courts of Magistrates rose from 10·91 to 13·19 days, while before the Courts of Session, it declined from 17·35 to 14·04.

10. In the Chief Court, the number of appeals from convictions (including 23 pending from the previous year) decreased from 231 to 186, and the number of appeals against acquittals (including three pending cases) from 10 to 7. These were disposed of as follows:—

	Appeals.			
	Against convictions.		Against acquittals.	
	Cases.	Persons.	Cases.	Persons.
Appeals rejected or orders confirmed.	107	216	6	22
Sentence reduced or altered ...	19	34	...	...
Orders reversed ...	36	57	1	1
Pending ...	24	32	...	...

The average duration of appeals fell from 39·45 to 31·55 days.

On its revision side, records were called for by the Chief Court or submitted to it for orders in 162 cases. Including 30 cases pending at the beginning of the year, there remained for disposal 192 cases involving 331 persons. The orders of subordinate courts were set aside as regards 68 persons, the sentences passed by them enhanced as regards 16 and otherwise modified as regards 43, and new trials ordered as regards 26 persons. Applications for revision from parties numbered 253; in 23 of these, the orders of the lower courts were set aside, in 1 the sentence was enhanced, in 5 the same was modified, in 6 new trials were ordered, and 74 were disposed of in other modes.

11. The receipts of the Chief Court amounted to Rs. 919 and those of the subordinate criminal courts to Rs. 87,302, or respectively Rs. 25 and Rs. 1,232 less than in the year 1896-97. The charges amounted to Rs. 3,37,824 or Rs. 27,128 more, which is attributed to the establishment of 2 new courts in the Kolar district and to revision of Magisterial establishments.

12. The Government observe that there does not appear to have been any inspection of subordinate courts during the year under review by any of the Judges of the Chief Court.

Letter No. 864—835, dated the 6th May 1899, from the District Magistrate of Chitaldrug, soliciting the orders of Government as to a claim preferred by the District Assistant Surgeon to a "Remembrance fee" in connection with his attendance and examination as a witness in a criminal case.

No. 14340-8—J. 1739, DATED BANGALORE, 21ST JUNE 1899.

ORDER THEREON.—The Assistant Surgeon will be informed that he was not entitled to demand any fee. No fee or allowance can be claimed by a witness in a criminal case except such as may be admissible under the late Judicial Commissioner's Circular No. 1685—96, dated 17th November 1869.

2. An officer summoned as a witness on the side of the prosecution or of the defence is considered to be on public duty imposed on him by an order of a Court of Justice, and he is not entitled to any fee. If his attendance in Court however entails his undertaking a journey, he will be entitled to draw travelling allowance under Article 596 of the Mysore Service Regulations, while under Article 597 he will be bound to credit to Government any money paid to him from or through the court on account of his travelling or other expenses. Applying these principles to the present case, the Government consider that the Assistant Surgeon is not entitled to retain the fee of Rs. 15 paid to him through the court by the accused's pleader. The amount must be refunded and credited to Government.

Letter No. 4600—386, dated the 15th June 1899, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments—

I have the honor to submit to Government a review on the working of the Coffee Stealing Prevention Act in the Kadur and Hassan districts for the year ending 31st March 1899.

During the year under review, 16 cases were reported as against 5 in the previous year, of which 15 ended in conviction, and 1 was pending with the Magistrate. There were only 3 cases in the Hassan district as against 8 in the previous year, of which 2 ended in conviction, and 1 was acquitted. In almost all the cases, the offenders were punished with heavy fines. The Amildar and 2nd Class Magistrate of Tarikere granted money rewards of Rs. 5 and Rs. 10 to a dafadar and a constable for the good work done by them in a case of coffee theft.

2. The following statement shows the talukwar distribution of the crime.

3. The increase of Rs. 1,907 under "76 per cent of the Local Cess on Land Revenue" has not been explained.

4. The total grant sanctioned for original works and repairs under the head "Public Works to be executed by the Public Works Department" was Rs. 69,586, of which the year's outlay was Rs. 61,384, the balance, Rs. 8,202, representing the amount of lapse at the end of the year. The District Fund roads were kept in a fairly trafficable order at an average cost of Rs. 92-4-0 per mile.

5. Under the head "B. Public Works to be executed by the Revenue Department," a grant of Rs. 15,300 was sanctioned for original works and repairs but only 5,059 was expended, allowing more than 65 per cent of the grant to lapse at the end of the year. This large percentage of lapse is said to have been due to the fact that the Work Inspectors employed in all the taluks, except Hassan, were men of little or no experience and were also new to the places to which they had been posted, and that consequently some works were not undertaken at all, while some others could not be finished, measured up and paid for within the year. The explanation is not satisfactory, and the Amildars cannot be absolved of all blame for not showing better results.

6. The expenditure under "Civil Charges" was Rs. 2,630 more than that of the previous year, the excess being chiefly under "Construction" and repair of cattle-pounds.

7. There were eight midwives in the district The pay of the midwives at Hassan was, as usual, met from Municipal Funds and that of the rest from District Funds. The total number of labour cases attended by these midwives was 303.

8. There were 13 dispensaries in the district and the expenditure incurred on them was Rs. 5,111-6-11, the number of in-door and out-door patients treated therein being 204 and 94,632, respectively, against 137 and 63,411 of the previous year. The cost per patient treated decreased from one anna and three pies in 1896-97 to ten and a half pies.

9. The number of persons vaccinated rose from 13,892 in 1896-97 to 14,255.

10. The number of 3rd class travellers' bungalows maintained by the Local Fund Board was 8 as against 6 in the previous year, those at Marnahalli and Dandiganhalli having been reduced to 3rd class bungalows. The aggregate cost incurred on all travellers' bungalows and musafirkhanas in the district was Rs. 1,187 against Rs. 1,033 in the previous year, the amount of fees collected from the travelling public being Rs. 117-9-4 against Rs. 144-12-3 of the previous year. It is observed that according to the statement of receipts the fee income including rent from Rangacharlu's Memorial Chattram at Arsikere is Rs. 124-9-4 or Rs. 7 more. The discrepancy requires explanation.

11. The mortality from all causes rose during the year by 40 per cent, the largest number of deaths being 6,389 from fevers out of a total of 9,843 from all causes; while the number of births decreased by 13 per cent.

12. *Local Funds General.*—A grant of Rs. 20,000 was sanctioned from Local Funds General for the completion of incomplete works, but only Rs. 6,441 or a little over ⅓rd was spent during the year. Here again there was a large lapse which Government consider is unsatisfactory.

13. *Village School Fund.*—From the Village School Fund 116 schools * were maintained, the total number of boys and girls attending them being 3,327 and 222, respectively.

Schools.	No.

It is observed that there was a delay of more than four months in the submission of this report. In future, the annual report should be submitted so as to reach this office on or before 1st October every year.

Letter No 608, dated 29th May 1899, from the President, Kadur District Fund Board, submitting for sanction a copy of the estimate for Rs. 1,283 for constructing a musafirkhana at Lingadahalli in the Tarikere taluk, and stating that the work is under progress under orders of Mr. Carr and an expenditure of Rs. 398-6-4 has already been incurred on the work, and requesting sanction to the transfer to the District Funds of the contribution of Rs. 1,000 made by Kariyanna, a coffee planter of the Nandibatlu village of the same taluk, and credited under the head "Contribution."

No. 14134-5—L. F. 68-97, DATED BANGALORE, 15TH JUNE 1899.

ORDER THEREON.—Government deprecate works exceeding the President's powers of sanction being undertaken without previous reference to Government.

Under the circumstances represented, however, the sanction applied for is accorded, Rs. 1,000 out of the cost of the project being met by a refund from the contribution (credited) of Rs. 1,000 paid by Kariyanna, to whom the thanks of Government are due, and by a debit of the balance of Rs. 283 to general savings in the current year's District Fund budget.

A plan of the building should have accompanied the application for sanction.

Report on the Administration of the District Funds of the Kolar Local Fund Circle for the year 1897-98, received with President's dockets Nos. 2500—678 and 80, dated 4th January and 21st February 1899, respectively.

No. 14361-73—L. F. 37-98, DATED BANGALORE, 22ND JUNE 189

ORDER THEREON.—The District Fund Board, which consisted of 15 ex-officio members and 7 non-official members, held five meetings during 1897-98, as against four in the previous year. The average attendance of members at each meeting was 20 against 17·5. It is noted with satisfaction that both the official and non-official members took an interest in the discussion of the various subjects brought before the Board and in the supervision of works undertaken from the District Funds.

2. There was an increase of income due chiefly to the larger collection of the Land Revenue during the year under review. Including the actual balance on 1st July 1897, the sum available for expenditure was Rs. 1,66,486, of which Rs. 80,179, was expended leaving a balance of Rs. 86,307, at the end of the year.

3. The final budget grants sanctioned for the year 1897-98, under the three main heads of expenditure, and the actual outlay as well as lapses, as compared with those of the previous year, are given below :—

Items.	Final grants		Actual expenditure		Lapses.		Percentage of lapses to grants.

Total ..	1,60,522	1,30,477	1,12,142	80,179	48,380	50,298	30·14	38·55

4. Including 13 incomplete works of the previous year, 55 works were undertaken by the Public Works Department, of which 35 were completed, leaving the remaining 20 incomplete at the end of the year. The amount of lapses was more than that of the previous year.

5. Out of a total grant of Rs. 44,879 sanctioned for wells, tunnels, roads, road dams, and musafirkhanas undertaken by the Revenue Department, only Rs. 13,884 was utilized, allowing nearly 70 per cent of the grant to lapse at the end of the year, notwithstanding the fact that Work Inspectors were employed during the year for the supervision of this class of works. The lapse is very large and needs explanation. It is hoped that better results will be produced in future years.

6. The actual expenditure under "Civil Charges" was less than in the previous year, owing chiefly to smaller amounts having been debited to the District Fund on account of contribution towards the construction and repair of Local Fund dispensaries.

7. There were 11 dispensaries in the district, as in the previous year. The number of in-door and out-door patients, treated was 69,326 and 124, respectively as against 68,210 and 88 of the previous year. In form C. annexed to the Report, neither the details of expenditure incurred in each dispensary nor the cost per head of patient treated therein during 1897-98, has been entered. This information should have been embodied in the Report.

8. Excluding the midwife employed in the Gold Fields, from Provincial Funds, there were 10 midwives in the district, a moiety of whose pay was met from the District Funds. The number of labor cases attended by these midwives was 634 against 677 of the previous year.

9. The expenditure incurred on account of the salaries of servants maintained in the 3rd class travellers' bungalows, musafirkhanas, and inspection lodges, increased from Rs. 2,817 to Rs. 4,008.

10. In addition to the usual charges incurred under the head "Conservancy and Sanitary charges," a sum of Rs. 3,930 was spent during the year on the removal of prickly-pear in six of the taluks, and on temporary conservancy arrangements on occasions at jatras.

11. *Vaccination.*—The number of persons vaccinated in the rural parts of the district fell from 13,274 to 12,842.

12. The total number of births fell from 9,574 to 9,190, while the number of deaths rose from 7,092 to 8,837, the increase being chiefly under "small-pox, bowel-complaints and other causes." It is observed that the death rate was high in the taluks of Sidlaghatta, Chikballapur, Bagepalli, Goribidnur and Malur, and that the of number deaths for 1896-97 has not been entered against Srinivaspur in form B. annexed to the Report.

13. Under the head "X Miscellaneous," the marginally noted items have been included. Item (1) should properly appear under "B. Public Works to be executed by Revenue Department—III. Establishment" and item (5) under "I Office establishment." If item (2) was on account of furniture supplied to the Local Fund dispensaries in the district, it should be transferred to "III Hospitals and Dispensaries."

15. *Village School Fund.*—From the Village School Fund, 239 * schools, with 6,257 boys and 557 girls were maintained during 1897-98, at an aggregate cost of Rs. 29,726, the fee income realized in the three Taluk Branch Schools being only Rs. 121-10-0.

Docket No. 363, dated 12th June 1899, from the President of the District Fund Board, Kolar:—

Government Proceedings No. 12066-7—L. F. 46-98, dated 24th April 1899, sanctioning the District Fund budget of the Kolar circle for 1899-1900:

Adverting to para 3 of the above, has the honor to submit herewith for the information of Government, a copy of memo explaining the variations proposed in the length and rates of mileage allotments for certain roads in the district, received from the Executive Engineer, Kolar division, with his No. 1352—207 of the 9th instant.

(Enclosure to the above.)

Memo explaining the variations proposed in the length and rates of mileage allotments for certain roads in the district:—

Items No. I and VI, Perisandra-Debburahalli road and approach road to Perisandra.—The two miles of approach road to Perisandra being in continuation of the Perisandra-Debburahalli road, separate provision for the former has been omitted, and the length of the latter increased, treating the whole length as one road.

Items No. II, III and IV.—Chintamani-Chelur road and Yellampalli-Chelur road being in continuation of one another, the whole road was called Chintamani-Yellampalli road and provision made in the budget accordingly.

But the Superintending Engineer of Eastern Circle has recently ordered in his No. 1989, dated 3rd June 1899, that the two roads should be treated separately and that the provision for Chintamani-Yellampalli road, item No. IV, should be distributed between items II and III case 1. Estimates will accordingly be prepared as follows:—

Item No. III, Yellampalli-Chelur road, 21 miles at Rs. 60 =Rs. 1,260; Item No. II, Chintamani-Chelur road, 24 miles at Rs. 60 =Rs. 1,440—The road lying within the British territory has been opened out and provision has therefore been made for 3 miles more.

There is no difference in the total grant.

Item No. V.—The actual distance of Goribidnur-Maddagiri road, including the bit from the town to the railway station, is 10 miles and not 9 miles. Provision has been made for the whole length.

No. 14611-21—L. F. 46-98, DATED BANGALORE, 28TH JUNE 1899.

ORDER THEREON.—*A. Public Works to be executed by Public Works Department.*—Under the circumstances explained in the above, the details of the provision for repairs will be altered as per particulars given in the margin, and the provision originally retained provisionally will be passed.

Government Proceedings No 12066-7—L. F. 46-98, dated 24th April 1899, sanctioning the District Fund budget of the Kolar circle for 1899-1900:

Adverting to para 3 of the above, has the honor to submit herewith for the information of Government, a copy of memo explaining the variations proposed in the length and rates of mileage allotments for certain roads in the district, received from the Executive Engineer, Kolar division, with his No 1352—207 of the 9th instant.

(Enclosure to the above.)

Memo explaining the variations proposed in the length and rates of mileage allotments for certain roads in the district —

Items No. I and VI, Perisandra-Debburahalli road and approach road to Perisandra.—The two miles of approach road to Perisandra being in continuation of the Perisandra-Debburahalli road, separate provision for the former has been omitted, and the length of the latter increased, treating the whole length as one road.

Items No. II, III and IV —Chintamani-Chelur road and Yellampalli-Chelur road being in continuation of one another, the whole road was called Chintamani-Yellampalli road and provision made in the budget accordingly.

But the Superintending Engineer of Eastern Circle has recently ordered in his No. 1989, dated 3rd June 1899, that the two roads should be treated separately and that the provision for Chintamani-Yellampalli road, item No. IV, should be distributed between items II and III case 1. Estimates will accordingly be prepared as follows:—

Item No. III, Yellampalli-Chelur road, 21 miles at Rs. 60 =Rs. 1,260; Item No. II, Chintamani-Chelur road, 24 miles at Rs 60 =Rs. 1,440—The road lying within the British territory has been opened out and provision has therefore been made for 3 miles more.

There is no difference in the total grant.

Item No. V.—The actual distance of Goribidnur-Maddagiri road, including the bit from the town to the railway station, is 10 miles and not 9 miles. Provision has been made for the whole length.

2. *II. Tax on Houses.*—The increase under this head, proposed in the budget of the Chintamani Municipality, is based upon the actuals of 1897-98. The estimate is passed.

3. *VIII. Rents.*—The new estimate of Rs. 300 entered in the present budget of Bowringpet, expected from fees to be collected at 2 annas per head of sheep and goat slaughtered in the new slaughter-house of the town, in accordance with Government Proceedings No. 7078-9—L. F. 43-93, dated 8th December 1898, is approved.

4. *X. Miscellaneous, (m) Contributions.*—The estimates of Rs. 345 and Rs. 125 entered under this head in the budgets of the Kolar and Bowringpet Municipalities on account of contribution towards the cost of maintaining provincial roads within their limits, will be struck out as under Government Proceedings No. 389-401—2211-23, dated 2nd May 1899, these roads will be retransferred to the Public Works Department. The source from which the estimates of revenue of Rs. 171 and Rs. 128 are expected in the current and ensuing years in the Municipality of Mulbagal, should have been explained. The omission should be supplied. Pending information, the estimate will stand.

5. *Opening Balance.*—In lieu of the estimates entered under this head, the closing balance of 1898-99 will be adopted as the correct opening balance for the ensuing year.

6. *Head Office.*—The provisions made under this head will be retained pending the issue of final orders on the Comptroller's proposal to levy a fixed contribution towards the cost of Local Fund establishments as recently revised.

7. *III. Collection, (a), (b), (c), Octroi and other taxes.*—The omission of estimates in the present budgets on account of octroi collection charges against Rs. 218 sanctioned in the budget for 1898-99 should be explained. Pending the receipt of such explanation and of proposals for the employment of a separate agency for collecting Municipal taxes sanctioned in Proceedings No. 12704-13—L. F. 295-96, dated 8th May 1899, the estimates under this head will be retained.

8. *IV. Conservancy.*—The provision under this head, which includes the salaries of a scavenger for Srinivaspur and of three sweepers for Malur, sanctioned temporarily till the end of 1898-99 in Government Proceedings Nos. 6487-8—L. F. 113-97 and 6489-90—L. F. 113-97, dated 23rd November 1898, will be retained pending the submission of a separate communication in regard to the continuance of these servants during 1899-1900. The variations in the budgets of the remaining Municipalities are due to the fact that the provisions made for portions of the year on account of additional conservancy establishments in the budgets of 1898-99 have been either retained for the whole of the year in the budgets for 1899-1900 or omitted therefrom altogether.

9. *VIII. Public Works.*—Owing to want of funds, the Municipal Board of Bowringpet make no provision whatever for works to be executed during 1899-1900. The provision of Rs. 500 made in the budget of Kolar for road repairs will be reduced by Rs. 345, as the Provincial roads in the town will be transferred to the Public Works Department. As the budgets of Kolar, Mulbagal and Malur do not contain the usual provision on account of supervision charges at 10 per cent on the cost of works, the necessary provisions will be made and the total estimate under this head raised to Rs. 19,475.

10. *IX. Charitable Grants.*—The marginally noted differences are observed in the provisions made under this head in the District Fund and Municipal budgets, which bear dispensary charges in the proportions of two-thirds and one-third respectively. These differences as also the necessity for the large provision of Rs. 3,250 entered in the several Municipal budgets on account of contribution towards the construction and repair of dispensary buildings, against Rs. 1,000 sanctioned in the District Fund Budget of Kolar, require explanation, pending which the provision will not be disturbed.

11. *X. Education.*—The necessity for the increase of Rs. 132 and for the new estimate of Rs. 120 entered respectively in the budgets of Sidlaghatta and Goribidnur, should have been explained in the remarks column of the budget statements. The omission should now be supplied. Pending information, the provisions will stand.

12. *XI. Miscellaneous, (a) Repayment of Loans.*—The estimates entered under this head in the budgets of Kolar and Chintamani will be allowed to stand, pending the receipt of information called for from the Comptroller in regard to the interest and principal payable by Municipalities in repayment of loans advanced to them.

13. *XII. Contributions.*—The new provision of Rs. 50 entered in the budget of Kolar under this head on account of the free library started in the town in commemoration of the Queen-Empress' Diamond Jubilee, will be struck out in accordance with Government Proceedings No. 12519—L. F. 59-98, dated 4th May 1899.

14. The estimated receipts and expenditure of the several Municipalities in the Kolar district for 1899-1900 are sanctioned as per details given in the accompanying appendices, of which an abstract is given below:—

Number.	Municipality.	Opening balance on 1st July 1899.	Estimated receipts.	Total including balance.	Estimated expenditure.	Estimated closing balance.

	Total ...	29,644	36,315	65,959	51,766	14,193

15. From the above it appears that the estimated closing balances are less than the prescribed minimum in the budgets of Kolar, Bowringpet and Goribidnur. Every endeavour should be made to maintain the minimum by effecting savings in the sanctioned items, unless the actual balances on 1st July 1899 happen to be more than the estimate entered in the present budgets.

Proceedings of the Government of Mysore,

The annual report on Rain-fall Registration in Mysore for 1898, submitted by the Director of Meteorology in Mysore with his letter No. 965, dated 3rd May 1899.

No. 8893-901—R. 3903, DATED BANGALORE, 3RD JUNE 1899.

ORDER THEREON.—The total number of Rain Gauge Stations in the State was 175 or 6 less than the number for 1897. Seven additional stations were abolished and one was newly opened.

2. Too much importance cannot be attached to the work of inspecting Rain Gauges. The particulars noted below show the inspection work done during the year :—

District.	Total No. of Rain Gauge Stations.	No. of Rain Gauge Stations inspected.
Bangalore	22	Nil
Kolar	23	15
Tumkur	34	11
Mysore	21	16
Hassan	25	3
Shimoga	17	9
Kadur	17	1
Chitaldrug	16	14
Total	175	69

The Deputy Commissioners of Bangalore and Kadur are requested to explain the cause of default in this respect, and the attention of all the Deputy Commissioners is drawn to the clear instructions conveyed in para 2 of Government Order No. 4400-8—R. 2085, dated 23rd December 1898, that each Rain Gauge Station should be inspected and reported on at least once a year. Government hope that these instructions will be scrupulously carried out in future, so as to ensure strict accuracy in the statistics of rain-fall registered at each station.

3. The average rain-fall for the whole State was 41·48 inches or 1·45 inches less than in the previous year, but 4·63 inches more than the average for the past 29 years.

4. The greatest rain-fall in each district in 24 hours was as shown below :—

District.	Station.	Date.	Quantity in inches.
Bangalore	Ulsur tank	5th September 1898	3·37
Kolar	Bowringpet	7th November „	5·00
Tumkur	Chiknayakanhalli ...	8th June „	4·70
Mysore	Krishnarajpete ..	4th September „	4·10
Hassan	Agalhatti Estate ...	15th June „	4·25
Shimoga	Nagar	26th July „	11·00
Kadur	Chethalli Estate ..	27th July „	5·00
Chitaldrug ...	Harihar	27th September „	4·28

5. The diagrams and maps attached to the report are clear and interesting. They show at a glance the distribution of rain-fall not only monthly as compared with the average for 29 years but also geographically and for each of the two monsoons.

6. The Director of Meteorology is requested to distribute copies of the report as usual and to forward 25 copies to this office.

Correspondence ending with letter No. 916, dated 20th April 1899, from the Deputy Commissioner, Mysore district, regarding the proposed transfer of Arjanahalli village from the Galigekere to the Manchenahalli firka and of the Sanyasipura village, from the latter to the former firka, in the Yedatore taluk.

2. Letter No. 555, dated 10th February 1899, from the Superintendent of Revenue Survey in Mysore, submitting his opinion on the above.

No. 8962-3—R. 3921, DATED BANGALORE, 6TH JUNE 1899.

ORDER THEREON.—One Subbanna was the baravarddar shanbhog of the Galigekere firka in the Yedatore taluk, which consisted of the following ten villages:—

1. Galigekere.
2. Adagur.
3. Margowdanhalli.
4. Sanyasipura.
5. Manchenahalli.
6. Byrapura.
7. Arjanahalli.
8. Machonehalli.
9. Kotekura.
10. Belatur.

2. During the Survey Settlement of 1885, Kotekura and Belatur were transferred to the Attikuppa taluk, and Byrapura and Machonehalli were absorbed in the other villages, *viz.*, Manchenahalli and Arjanahalli respectively, of the Yedatore taluk. During the potgi settlement, the remaining six villages were divided into two *firkas* as follows:—

I.	II.
(1) Manchenahalli.	(1) Galigekere.
(2) Sanyasipura.	(2) Margowdanhalli.
	(3) Adagur.
	(4) Arjanahalli.

3. After the death of Subbanna, Seenappa, his eldest son, became the barawarddar shanbhog. In September 1886, Seshagiraiya, brother of Seenappa, filed a suit against his brother (the barawarddar shanbhog) and Ranga Rao (the latter's gumasta), for the division of the ten villages named above, between himself and his brother. The Deputy Commissioner, having heard the parties, directed them to come to an amicable settlement between themselves. Accordingly on the 29th August 1887, they presented a petition praying that the villages might be divided between them as follows:—

For Seshagiraiya.	*For Seenappa.*
1. Galigekere.	1. Manchenahalli.
2. Adagur.	2. Byrapura (absorbed in No. 1)
3. Margowdanhalli.	3. Arjanahalli.
4. Sanyasipura.	4. Machonehalli (absorbed in No. 3).

On the same date the Deputy Commissioner ordered and decreed that in pursuance of the rajinama filed by both parties the division of villages might be effected as above, and that the villages of Kotekura and Belatur, transferred to the Attikuppa taluk, be excluded from the division.

4. In 1895, Seenappa died, and the villages in his firka were registered in his minor son Subbanna's name and Seshagiraiya was appointed as the minor's gumasta under the orders of the Sub-Division Officer. This arrangement continued up to the year 1898, when the Amildar issued a notice to the minor shanbhog requiring him to appoint another gumasta in place of Seshagiraiya, who, being himself a shanbhog of one firka, could not be allowed to be in charge of an additional firka contrary to Government Orders conveyed in Proceedings No. 2821-9—R. 903, dated 14th September 1897. Accordingly the minor shanbhog's mother nominated one Anantaramaiengar to be their gumasta. This was sanctioned by the Jamabandi Officer, Mr. Tirumalachar. But Seshagiraiya did not hand over charge of the records of the minor's villages to the new gumasta, alleging that Arjanahalli, which was included in the Galigekere firka during the potgi settlement, had fallen to his share, and that if the scale fixed at the Survey Settlement were altered, there would be confusion as regards the payment of potgi. But the minor barawarddar's mother being un-

willing to part with Arjanahalli, which had fallen to her husband's share in the partition effected in 1887, the Deputy Commissioner recommends that in order to settle the dispute, the village of Arjanahalli be transferred from Galigekere to Manchenahalli firka and Sanyasipura from Manchenahalli to Galigekere firka. It is reported that Seenappa, who was in charge of Manchenahalli and Arjanahalli, was receiving the potgi of Rs. 103, fixed for Manchenahalli and Sanyasipura, while Seshagiraiya, who was in charge of Galigekere, Margowdanahalli, Sanyasipura and Adagur, was receiving the potgi of Rs. 108-8 0, fixed for Galigekere, Margowdanhalli, Arjanahalli and Adagur.

5. The Superintendent of Revenue Survey, who was consulted in the matter, states that the distribution made by the Deputy Commissioner in 1887, which is based on the rajinama of the contending parties and which includes an absorbed village, which no longer has a separate status in the accounts, is contrary to the standing orders of Government. He is therefore not in favor of disturbing the arrangement made by him at the potgi settlement, which, he suggests, should be held in tact whatever officiators are appointed.

6. Government consider that the Survey Superintendent's opinion is quite right. The Deputy Commissioner's re-distribution of villages is opposed to the rules and standing orders. The late Chief Commissioner's *Order No. 6006—R 14, dated 18th September 1877, lays down the procedure to be followed where a change is called for, after the charges had been settled by the Survey Superintendent. This order was apparently lost sight of by the Deputy Commissioner, who seems to have sanctioned the re-distribution in ignorance of it. The Deputy Commissioner's attention is also drawn to Government Order No. 2821-3—R. 903, of the 14th September 1897, wherein the necessity for closely carrying out the directions of the Potgi Rules is emphasized.

* Order No. 6006—Rev. 14, dated 18th September 1877.

The Chief Commissioner concurs in the opinion expressed by the Honorable Colonel Anderson that after the work of apportioning the shanbhog's charges has been effected by the Survey Department, no facilities should be given to disturbing the settlement, and there is no question that even the process of the Revenue Courts may be made the means of oppressive litigation

2. Where any change is called for on public grounds, the nature of the proposal should be set forth by the Deputy Commissioner, as soon after the settlement as possible, in a memorandum to be furnished to the Superintendent of Revenue Survey and Settlement, who will take action thereon, if deemed proper, in concert with the Deputy Commissioner. In cases of doubt a reference should be made to the Commissioner of the Division to whom the Proceedings will, in all cases, be reported by the Deputy Commissioner

3. In cases where the revision is desired by the parties themselves or any one of them, the application must be made within one year after the date of settlement, and in the event of the application being deemed a reasonable and proper one, the Deputy Commissioner should institute the necessary enquiry and proceed as in the case referred to in the preceding para.

7. The grounds for ordering the re-distribution are not very clear, except that the parties by mutual consent effected that arrangement. This ground alone does not appear to be adequate to justify an alteration or the settlement made by the Survey Superintendent. The remuneration for both the charges is nearly, equal and under all the circumstances of the case it seems just and proper that the settlement made by the Survey Superintendent, should be adhered to. Seshagiraiya will be confirmed in the charge of which he has been receiving the remuneration and of which he is the barawarddar. For the other charge which will be registered in the name of the minor, a competent gumasta other than Seshagiraiya, *viz.*, Anantaramaiengar, has been already appointed, and no orders are now called for on that point. Under these circumstances, the re-distribution proposed by the Deputy Commissioner cannot be sanctioned.

The following letter No. 1089, dated 5th May 1899, from the Deputy Commissioner, Bangalore district:—

I have the honor to state that when the mohatarfa system of taxation was introduced, the agricultural classes were exempted from the payment of the house tax. I am not aware, however, of any order defining the term "Agriculturists." Whether those that till the soil themselves are to be considered as such, or whether landed proprietors who do not till the soil but get it done by paid labor or by shikmi raiyats come within the category of agriculturists, seems to be a moot point. The practice varies in different districts and in different taluks of the same district: cultivators of land alone seem to be allowed this exemption in some places, while in others shikmi raiyats who do not own any land, but own ploughs, &c., and cultivate lands on *vara* or other tenure are also accorded this privilege, and in some parts, mere land-owners as well. A decisive ruling of Government on this question seems therefore called for.

2. In many cases, house-tax is levied from persons who seem entitled to the exemption. To give instances, I herein enclose an extract from the *takrar faisal takhta* placed before me during the jamabandi of the Anekal taluk for the current year. In one case therein mentioned, for example, one Siddabasappa of the Attibele village pays a total land kandayem of Rs. 450, a shop-tax of Rs. 8 and a house-tax of Rs. 14, for five houses including the one in which he resides, which is assessed at Rs 6. He pays a *kandayem* of about Rs. 32 for lands in this very village. It seems just that the house in which he lives should be exempted from house tax, and this view is also in harmony with the recent orders of Government, *vide* No. 24044-51—P. F. 99-94, dated 18th June 1895, enunciating the principle of mohatarfa taxation, *viz.*, that it is intended to reach those classes who do not contribute to land revenue. I solicit early orders on this general question to dispose of the pending cases that have come up for settlement during the recent jamabandi.

Government Proceedings No. 10456-65—R. 1576, dated 20th December 1894, calling for opinion from the Deputy Commissioners of Districts and the Superintendent, Revenue Survey, in regard to the determination, as suggested by the Government of India in their No. 9-28, dated 26th February 1894, of a formula to be adopted for ascertaining approximate areas covered by different crops sown as mixtures in one and the same field.

2. Replies received from Deputy Commissioners and the Superintendent, Revenue Survey.

No. 9239-47—R. F. 93-95, DATED BANGALORE, 15TH JUNE 1899.

ORDER THEREON.—Having considered the suggestions set forth in the replies read above, the Government are of opinion that no special orders on the subject are necessary. In the village pahani account, the proportion of each crop is entered by the shanbhog in fractions of annas, and an abstract total is made at the end of the entries. These figures are sufficient and fairly reliable for all practical purposes. What the Government of India direct is that the mixed crops should not be entered in the returns, but that according to a formula or other practice the fixing of the proportions of the individual crops should be done by the village or taluk officials. There is no uniformity observed with regard to the planting or sowing of these mixed crops in any locality, and the most reliable statistics can be collected only by actual inspection and from that practical knowledge of making probable estimates by simple observation. The shanbhogs and patels possess such knowledge from long experience, and if they will discharge their important duty in this respect faithfully and well, the results obtained may be accepted as fairly reliable. This is nothing more than what is at present done in the preparation of the village pahani account, and no change or improvement can and need be introduced.

EAD—

Report on the working of the Agricultural Banks in the Mysore State, up to the end of he year 1897-98, submitted by the Inspector of Agricultural Banks.

No. 9626-34—R. F. 22 OF 98, DATED BANGALORE, 29TH JUNE 1899.

ORDER THEREON.—On the principles explained in the Appendix to the Report, 2 Banks in the Seringapatam taluk were first constituted in 1894-95. This was followed by the opening in other places of 6 Banks in 1895-96, 18 in 1896-97, and 36 in 1897-98, so that at the end of the year under report there were altogether 62 Banks with an aggregate loan sanctioned by Government of Rs. 14,67,500, of which Rs. 12,56,180 had been actually utilized. The subjoined statement shows the number of Banks in each district together with the amount of Government loan sanctioned in their favor and that actually drawn by them:—

Serial No.	Districts.	1894-95.		1895-96.		1896-97.		1897-98.		Total.		Amount of advance actually drawn from the Treasury.

2. There were 2,310 members, and the value of their landed property amounted to Rs. 49,46,929, which is a little more than three times the amount of loan sanctioned on their united credit.

3. The two Banks at Saklespur and Chikmagalur composed of members possessing coffee estates in addition to wet and dry lands, alone represent 54·8 per cent of the aggregate value of the landed property referred to and the actual Government advance to these Banks, Rs. 6,28,150 represents 50 per cent of the total amount advanced to all the Banks.

4. These two Banks (Saklespur and Chikmagalur) being excepted, the value of property owned by members in the remaining 60 Banks is reported to have risen from Rs. 17,54,825 to Rs. 22,35,506 by the admission of new members. The reported valuation will in due course be officially verified.

5. The property value of the undermentioned Banks appears to have undergone some reduction owing to resignations of certain members, as shown below:—

Banks.	*Value*		*Amount sanctioned.*
	From	*To*	
	Rs.	Rs.	Rs.
(1) Hulkunte ...	23,624	16,159	12,000
(2) Haniyur ...	13,500	10,500	8,000
(3) Sulkunte ...	10,790	9,180	6,000
(4) Chiknayakanhalli ...	42,785	41,510	15,000
(5) Tippenahalli ...	18,300	17,180	13,000
(6) Issur ...	30,000	24,013	7,000
(7) Haromuchadi ...	10,695	9,764	5,000
(8) Nallur ...	22,995	21,335	12,000
(9) Salur ...	6,186	5,381	4,000

6. The advance sanctioned for the Haniyur Bank was ordered to be withdrawn in Government Proceedings No. 3299-301—R. F. 48-97, dated 11th November 1898. The Inspector's reports in regard to the other Banks are awaited.

7. The Banks at Saklespur and Chikmagalur are reported to have suffered from the depression in the Coffee Industry, and separate orders will be passed in regard to them upon the report of the Inspector.

8. The loans made to members by the Banks amounted to Rs. 12,89,698, of which Rs. 9,85,623 were utilized for re-payment of debts, and Rs. 3,04,075 for agricultural requirements. At the moderate rates prescribed by them in the Articles of Association the Banks recovered Rs. 57,354-0-11 as entrance fee and interest, and out of this they paid Rs. 33,767-12-4 as interest on the advances obtained.

9. The expenses of the Banks on account of establishment, printing and miscellaneous charges are reported to have amounted to Rs. 9,056-13-5.

10. It is gratifying to note that 22 Banks had endeavoured to put by something and formed reserve funds to the extent of Rs. 7,838 and that 24 Banks had secured deposits amounting to Rs. 13,500.

11. The out-door work done by the Inspector was fairly satisfactory. He should endeavour to inspect every Bank at least twice a year. The Deputy Commissioners and their Assistants and Amildars should also visit the Banks occasionally and carefully watch their working and management.

The following letter No. 914—730, dated 3rd June 1899, from the Deputy Commissioner of Shimoga.

I have the honor to report for the information of Government that the Khaneshmari account (Form No. 11) of villages, as at present prepared, contains also the particulars of vacant building sites, and generally these sites appear between dwelling houses and other buildings that exist in the village in the order of the number given to them.

2. The object of the special Census to be taken this month being chiefly to collect correct statistics of the agricultural stock, it seems needless to enter in the extract (Schedule A) to be prepared for the Census, these sites, as they appear in the Khaneshmari account, especially when a village contains a large number of such places.

3. I have accordingly issued orders to include all the dwelling houses and other structures or enclosures containing cattle in the extract, omitting vacant sites which the village may contain.

4. It would be enough, I think, if a list of all such sites is prepared by the shanbhog and attached to the Schedule (B) of the village after the completion of the Census. It may be noted that a list of such sites does not strictly form a part of the Khaneshmari account and appear in some villages in separate lists, either appended to Khaneshmari account or kept separately.

No. 9499-9516—R. F. 46-97, DATED BANGALORE, 27TH JUNE 1899.

ORDER THEREON.—The Deputy Commissioner's action as reported in the letter above read and which has reference to the collection of statistics in the impending Census, is approved. A list of all vacant house-sites in a village should, however, be available in the set of village accounts of that village, whether appended to the Khaneshmari account No. 11, as is reported to have been the practice in a few villages, or embodied in the account itself and numbered along with houses, as is the practice generally in all the districts. Such sites are liable to assessment under Government Proceedings No. 16919—R. 1699, dated 6th April 1894.

D. O., dated 15th May 1899, from Mr. Standish Lee, Superintending Engineer, Sanitary Works, with the Government of Mysore, bringing to notice that many of the officials who drew advances months ago, have not yet started work, and suggesting that all those who have not made a beginning should have their current salaries stopped in full towards recovery of the loan advanced to them.

Letter No. 7949—1613, dated 14th June 1899, from the Comptroller, Mysore Government, submitting a statement showing the advances made for the construction of houses in the several extensions of the Bangalore City, both under Codal Rules and Government Proceedings No. 3528-562—Fl. 365, dated 28th November 1898.

No. 9669-71—R. F. 17-98, DATED BANGALORE, 30TH JUNE 1899.

ORDER THEREON.—The Order of 28th November 1898 quoted above contemplates ready use of the advances drawn for building houses in the new extensions. Grants of advances under this Order must inevitably be subject to the following important conditions :—

i. The construction of houses should be commenced within 3 months from the date of the drawing of the first instalment of the advance sanctioned.

ii. Within six months from the date of such commencement, progress should be shown to the full extent of the first instalment of advance drawn.

iii. The second or last instalment should next be drawn.

iv. The house should be completed within six months from the date of drawing the second instalment.

v. In default of compliance with the above conditions, the advance shall become recoverable *at once*.

2. The Deputy Commissioner, Bangalore, is requested to report at once the names of such of the officers and menial servants as have obtained advances but failed to fulfil any of the above conditions.

(1) Letter No. 2695—161, dated the 14th February 1899, from the Conservator of Forests in Mysore :—

Adverting to Proceedings No. 812—Ft. F. 163-95, dated 22nd July 1896, I have the honor to submit for approval and for publication in the *Mysore Gazette*, a draft Notification declaring Block No. IV of the Narasimhadevarabetta forest in the Kolar district to be State Forest.

2. It will be observed from Kolar District Forest Officer's letter appended, No. 233, dated the 23rd December last, which has been forwarded without comment by the Deputy Commissioner, that alienation and exchange statements of lands included in the block are not forthcoming. The area, however, was closed to cattle about five years ago, and in the interval, no complaints of short provision of pasture have been received. Moreover, when the forest was originally taken up by this Department, the question of the lands transferred must, I assume, have been dealt with in detail by the responsible Revenue officers. I suggest, therefore, that at this distance of time further enquiry and record is unnecessary, that the acquiescence of the people in the existing arrangement may be presumed and that the annexed draft notification may with safety be published.

(2) Letter No. 4396—251, dated the 31st May 1899, from the same officer, submitting a sketch of the forest.

No. 9289—Ft. F. 96 95, DATED BANGALORE, 16TH JUNE 1899.

ORDER THEREON.—The Government are pleased to direct that a Notification as hereunder be published in the *Mysore Gazette*, as recommended by the Conservator of Forests.

2. Under Section 9 of the Forest Rules of 1878, the proclamation of the demarcation and boundaries of the Forest should be made in the taluks where the forest is situated. The conservator is requested to arrange for this being done.

Petition of appeal No. 984—A.S. 44 of 1893-94, presented by Kenda Heggade of Hosurdoddi and Basavaiya of Dyavarahalli, Channapatna taluk, against the order of the Superintendent of Revenue Survey in Mysore, treating maji No. 27, now part of Survey No. 11, measuring 10 acres and 33 guntas of Dyavarahalli, as "Kharab."

(2) Correspondence ending with letter No. 1085, dated 2nd May 1899, from the Deputy Commissioner, Bangalore district.

(3) The records of the case.

No. 8948-56—PET. F. 53-98, DATED BANGALORE, 5TH JUNE 1899.

ORDER THEREON.—The facts of the case are briefly as follows :—

Maji No. 27 of Dyavarahalli called "Biredevaru tope" was, prior to 1875, in the enjoyment of the appellants and their ancestors on an "Amarayi Kandayam" of four pagodas payable to Government. In the accounts of the succeeding years, the said amount was unauthorizedly entered as land-tax. At the Survey Settlement in 1893-94, the tope was included in S. No. 11 and treated as "Kharab" for the following reasons, *viz.*, that the villagers strenuously opposed any attempt to bring the land under assessment; that from the pattas produced by the appellants, it appeared that they held the land on Amarayi tenure, and that as a jatra was held there, existing rights would be interfered with by bringing the land under assessment. As regards enjoyment, the Survey Superintendent ordered that the mamul should be continued. The appellants have appealed to Government against this order on the ground that the tope was planted by their ancestors and has been in their enjoyment from time immemorial as their private property.

2. In reply to an enquiry made whether the appellants are prepared to abide by the conditions laid down in Government Proceedings No. 6273-70—Pet. 849, dated 14th January 1898, the Deputy Commissioner reports that they are willing to do so and that they have given a statement before the Amildar to the effect that they would not appropriate for their own use the produce derived from the tope but would entirely set it apart for improving it, and further that they agree to the tope being reserved as a public charity, the management thereof being vested in them.

2. Under these circumstances, the Government are pleased to declare the tope a public charity and to recognize the appellants as its managing trustees.

(1) Petition of Appeal No. 2076, dated 22nd January 1898, presented by Singabhatta of Kutugode village in the Sringeri jahgir, against the order of the Deputy Commissioner, Kadur district, directing the levy of double the duty on a consignment of arecanut uncovered by kulwar chits and a fine of Rs. 100 in addition.

(2) Letter No. 757, dated 31st May 1898, from the Deputy Commissioner, Kadur district, reporting on the above as follows :—

In reply to the Government Official Memorandum No. Pt.—1343, dated 30th ultimo forwarding for report petitions received from Singabhatta of Kutugode village in the Sringeri jahgir, appealing against the Deputy Commissioner's order directing the levy of double the sayer duty on a consignment of arecanut and a fine of Rs. 100 in addition, I have the honor to submit the following report:—

2. The manegar of the Megunda Sayerkatte reported to the Koppa Amildar, on 31st January 1897, that seven carts containing supari, which one Kutugode Singabhatta had collected in the villages attached to Megunda Katte, had been left on the banks of the stream near Sollebile at 8 A. M., on the 30th January 1897; that on his (manegar's) enquiring from the cartmen, he was informed that there might be about 500 maunds of supari, that the kulwar chits were with the sahukar; that though he waited till 8 A. M., on the 31st January 1897, neither the merchants appeared, nor were the kulwar chits produced.

3. The manegar was directed by the Amildar to send the consignment to the taluk cutcherry, after taking a proper record of the supari in case the kulwar chits had not been produced, and in case the kulwar chits were produced and the delay satisfactorily accounted for, to issue rahadaries.

4. The manegar on 1st February 1897 reported that for 140 maunds 20 seers, four kulwar chits were produced by a cartman at 5-30 P. M., on 31st January 1897, and that for the rest of the consignment, no kulwar chits were forthcoming.

5. The manegar was ordered to detain the consignment and to enquire and report, after the owner appeared, regarding the non-production of the kulwar chits and the delay in producing the consignment for *halat* (weighment for levy of duty).

6. The manegar on 8th February 1897 reported that with the exception of four chits for 140 maunds 20 seers, no kulwar chits were produced for the rest of the consignment, and that on enquiring from the patels of four different villages, where the supari was alleged to have been collected by Singabhatta, the details of the consignment were found to be as follows :—

		Maunds.	Seers.	Tolas.
(1)	As per chits Nos. 6 & 7, dated 31st January 1897, Heggar village ...	177	9	24
(2)	As per chit No. 11, dated 1st February 1897, Hulgardi village	133	22	12
(3)	Do No. 5, dated 2nd February 1897, Haralave village	47	20	0
(4)	Do No. 4, dated 2nd February 1897, Bhairedevaru village ...	29	17	12
	Total ...	387	30	0

This was discovered upon reference to the accounts of kulwar chits with the patels.

7. The Amildar in reporting on the above, stated that (*a*) the carts with the supari consignment had not been covered by kulwar chits in transit, (*b*) the chits for 140 maunds 20 seers were produced on 31st January 1897, *i. e.*, one day after the arrival of carts (30th January 1897), (*c*) the kulwar chits for 387 maunds 30 seers were not produced, though the manegar waited for them, (*d*) the owner, Singabhatta, had not presented the consignment for *halat*. The seven carts, laden with supari on 30th January 1897, were left on the bank of the stream near Sollebile; the kulwar chits were made out one, two or three days after the arrival of the carts at Sollebile, which shows that the supari was collected and removed by Singabhatta before chits were actually obtained.

The Amildar requested orders as regards the disposal of 387 maunds 30 seers of the article received without kulwar chits, as it was contrary to the standing orders, *viz.*, that supari should never be removed without kulwar chits.

8. The Amildar was directed to call on Singabhatta to explain his conduct in removing supari on the 30th January 1897 and obtaining kulwar chits, which bore dates 31st January 1897, 1st February 1897 and 2nd February 1897, *i. e.*, after the consignment had been removed.

9. Singabhatta stated before the Amildar that he exported to Sollebile the supari he collected on two occasions,—once on the 31st from Bachankodgi by one route, and the other on 2nd February 1897 by another route; that he collected the produce and went to the patels to get kulwar chits, that the patels who were found to have gone to the taluk office with kandayam returned on the 1st and 2nd February 1897; that he then got kulwar

chits and sent them with his cartman, Husain Sab; that all the cartmen, through ignorance, drove their carts on; and that there were thus chits for only 140 maunds, and for the rest he sent chits afterwards.

10. The Amildar, in forwarding the statement of Singabhatta, reported that the statement of Singabhatta to the effect that the consignment was sent in parts, once on 31st January 1897 and again on 2nd February 1897, was not worthy of credit, as some chits were dated 2nd February 1897; and that the produce held in *amanat* (seizure), *viz.*, 387 maunds 30 seers, might be released after levying double the amount of duty, which he thought would be a sufficient punishment.

11. Mr. Weir made the following observations :—

> "It seems at first sight difficult to say that there was anything more than an "irregularity in moving the supari without the necessary kulwar chits; that "the supari was so removed is clear. The object, however, of the rule is of "course to prevent smuggling, and a person who evades a rule of this kind "may be presumed to intend to defeat the rule, *i. e.*, in this case to smuggle. "I think therefore the offender has the burden thrown on him to show that "his intention was not what it may be presumed to be."

The Amildar was directed to call upon Singabhatta to show cause why the supari under seizure should not be treated as smuggled article and dealt with as such under the rules in force.

12. Singabhatta attempted to explain, adhering to his former statement, that the supari was not conveyed all at once, but twice and covered by chits. The Amildar reported that Singabhatta's statement was not to be believed, that the receipts, some of which were obtained, showed that the kulwar chits were not obtained as soon as supari was purchased from the raiyats. The dates of receipts produced by Singabhatta were between 16th January 1897 and 28th January 1897, while those of the kulwar chits were between 31st January 1897 to 2nd February 1897; adding that there was no doubt that before kulwar chits were obtained supari had been removed or carted in one lot, in disregard of Government rules; that if he had obtained kulwar chits and sent them as alleged, there was no necessity for the manegar to make a seizure of the article; that assuming that the article was seized without any reason, nothing could have prevented Singabhatta from bringing the same to the notice of the higher authorities; and that he was indifferent over the matter, though investigation was being made at the time.

13. Mr. Weir, the then Deputy Commissioner, passed the following observation :—

> "It is clear that Singabhatta has made false statements in saying that he sent the "carts at different times and with kulwar chits between 31st January and "2nd February. The mahazar as well as the manegar's first report show "conclusively that all the seven carts were at Sollebile with 500 maunds or "so of supari on the evening of 30th January and without kulwar chits. "It may safely, I think, be concluded that there was an intention and an "*attempt to smuggle*, but there was no actual smuggling, as the carts never "passed the katte." * * * *

14. After perusing the standing orders on the subject, he passed the following final order on 24th July 1897 :—

> "As already stated, I hold that there was clearly an attempt to smuggle, and on "the analogy of the general penal law (Section 511, Indian Penal Code) an "attempt as well as a completed act render the prisoner guilty of it liable to "punishment. The order will accordingly be that Singabhatta do pay "double the amount of the *halat* ordinarily due on the supari together "with a fine of Rs. 100".

The present appeal of Singabhatta is against this order.

15. The appeal petition and its enclosures received with the Government Memo under reference is herewith returned, and the vernacular correspondence is enclosed for reference and favor of return when no longer required.

(3) The records of the case.

No. 9150-57—Pet. 934, dated Bangalore, 12th June 1899.

Order thereon.—The facts of the case are that the Deputy Commissioner (Mr. Weir) found that, on the part of the petitioner, there was both an intention and an attempt to smuggle the arecanut in question. The finding is fairly supported by the circumstances of the case. A large quantity of supari was conveyed in seven carts. A portion only of these goods was covered by kulwar chits, and the petitioner's omission to produce chits for the remainder has not

been accounted for. Any inference in his favor, on the ground of the absence of any express direction or of any usage clearly understood or invariably acted upon, is impossible, as it might be safely presumed that the precaution which the petitioner had taken for a part was applicable to the whole. No chits were, as a matter of fact, produced for two or three days after the seizure of the carts, and this conduct of the petitioner is not incompatible with the conclusion that he endeavoured to pass off a larger quantity of arecanut than the chits warranted. This circumstance is sufficient to shift the burden of proving the petitioner's honesty of purpose on him, and in thus proceeding, the Government consider that the Deputy Commissioner has acted properly. The petitioner entirely failed to explain his conduct satisfactorily, and the Deputy Commissioner's finding must therefore be upheld. The appeal is dismissed accordingly.

2. Government, however, observe that it is necessary to lay down a clear rule that before arecanut is removed from the village wherein it is produced, a chit from the patel should be obtained. The Deputy Commissioners of Districts are requested to state their views and submit their proposals clearly on this point.

No. 9442-9—PET. F. 69-98, DATED BANGALORE, 23RD JUNE 1899.

ORDER THEREON.—In this case the order appealed against cannot be supported.

2. The petitioner admits the material facts, which appear to be that in accordance with the usual practice, the grazing right of the tract in question was sold to the petitioner, which, he admits, was in his representative character and was for the benefit of all the villagers. They reserved some land for their

own cattle and disposed of others for the recovery of the amount to be paid to Government. At least, this was done by the petitioner as it was in his name that the whole grazing had been bought. It was in connection with this sub-sale that the petitioner is said to have stipulated for the payment of money for cattle-droppings also. While the petitioner does not hesitate to admit that he collected the money, he contends that it was for himself and for the other raiyats for whose benefit the grazing was sub-let, and that if such money has to be refunded, it is not he alone who should be made liable, but all the raiyats should be made to contribute.

3. On a consideration of all the circumstances of the case, and after ascertaining the practice prevailing in all the districts, the conclusion which has been arrived at, is that the levy ordered from the petitioner is illegal and ought to be cancelled. As the purchaser of the grazing right, it was within his right to make any terms with those who used the land for grazing. He stipulated that the cattle-droppings should belong to him, and these he sold to others. Government has no right to interfere in this transaction, which appears to be quite legal. If any portion of the money has been recovered from the petitioner, it must be refunded to him.

Proceedings of the Government of Mysore,

READ—

Proceedings of Government (Military) No. 1531-32—112, dated 13th April 1899, passing orders regarding the reorganization of the Mysore State Cavalry.

2. Letter dated 6th June 1899, from the Chief Commandant, Mysore State Troops, submitting statements of promotions and nominations proposed by him in the Imperial Service Cavalry.

No. 1912-13—143, DATED BANGALORE, 15TH JUNE 1899.

ORDER THEREON.—Until the sanction of the Government of India is received to the proposal to maintain two Imperial Service Regiments in lieu of the present Imperial and Local Service Regiments, the strength of the existing Imperial Service Cavalry has to be considered to be four squadrons of a total strength of 516, against which there is at present reported to be only 494, or 22 less, as shown in the following table:—

No.	Particulars.	Strength of the Imperial Service Cavalry.	Existing strength.	Vacancies.
1	Officers	24	19	5
2	Regimental Dafadar Major	1	1	..
3	Dafadar Majors	4	4	..
4	Squadron Quarter Master Dafadars	4	4	..
5	Dafadars	32	28	4
6	Trumpet Major	1	1	...
7	Farrier Major	1	1	...
8	Lance Dafadars	32	30	2
9	Trumpeters	8	8	..
10	Farriers	16	15	1
11	Sowars	393	383	10
	Total	516	494	22

2. Having regard however to the proposals now pending before the Government of India, the combined totals of the present Imperial and Local Service Regiments should not exceed (in view to prevent over promotion and consequent absorption hereafter) the totals of the two proposed Regiments of the Imperial Service. The existing and proposed strength of both the Regiments are —

No.	Particulars	Existing strength			Proposed strength of the two Imperial Service Regiments	Difference	
		Imperial Service	Local Service	Total			
1	Officers	19	15	34	38	— 4	12
2	Non-Commissioned Officers	69	61	130	138	— 8	
3	Men	406	315	721	720	+ 1	
	Total	494	391	885	896		

From this it will be seen that when the two Regiments are combined, there will only be 12 vacancies—4 among Officers and 8 among Non-Commissioned Officers—to be filled up to complete the proposed revised reorganization of two Regiments of Imperial Service Cavalry.

3. As it is however necessary in the meantime, to maintain the present Imperial Service Regiment at its full strength of 516 by filling up the 22 vacancies referred to in para 1 above, it is desirable to give most of the promotions to the men now borne on the Imperial Service Regiment, reserving some for the

Local Service Regiment in order to prevent the occasion for future reabsorption, leaving their places in the latter Regiment vacant, pending the final arrangements on receipt of the orders of the Government of India on the scheme now before them.

4. Accordingly, the Government approve of the Chief Commandant's recommendations as in the following table :—

PUBLIC WORKS

Proceedings of the Government of Mysore,

READ—

Note by the Secretary to Government, Public Works Department, dated 20th January 1899, stating that, under the Mysore Service Regulations, Articles 287 and 230 (*b*), three months' notice has to be given to permanent hands, and one months' notice to temporary hands, whose appointment Government wish to abolish, and this being the case, it seems nothing but fair that, on the other hand, officials who wish to resign their appointments, should give Government some notice of their intention to do so; and suggesting the introduction of a rule to this effect, fixing the notice at, say, one month, in order to prevent the inconvenience to the public service, that now occurs by an official abruptly resigning his appointment, such notice being sufficient to arrange for getting another hand to fill the place of the man that is vacating.

No. 549-56—2794-801, DATED BANGALORE, 1ST JUNE 1899.

ORDER THEREON.—The Government is pleased to rule that all officials, whether permanent or temporary, who wish to resign their appointments, should invariably give one month's notice to the head of their office, of their intention to do so.
